Tully Central School District Workplace Violence Prevention Program

Introduction

What is Workplace Violence?

Workplace violence is defined as any physical assault or act of aggressive behavior that occurs where a public employee performs any work-related duty in the course of their employment. This includes but is not limited to:

- 1) An attempt or threat, whether verbal or physical, to inflict physical injury upon an employee.
- 2) Any intentional display of force which would give an employee reason to fear or expect bodily harm.
- 3) Intentional and wrongful physical contact with a person without his or her consent that entails some injury.
- 4) Stalking an employee to cause fear of harm to the employee's physical safety and health when such stalking has arisen through and in the course of employment.

What is the New York State Workplace Violence Prevention Law and Regulation?

On June 7, 2006, New York State enacted legislation creating a new Section 27-b of State Labor Law that requires every public employer to evaluate the risk of workplace assaults and homicides at its workplace(s) and to develop and implement programs to prevent and minimize the hazard of workplace violence to public employees. In 2009, NYS Department of Labor (DOL) implemented regulations to accompany the Workplace Violence Prevention Law. These regulations are enforced by NYSDOL and can be found¹ at:

<https://dol.ny.gov/system/files/documents/2021/03/workplace-violence-prevention-regulations.pdf>. Effective January 4, 2024, all public school districts, New York City public schools, Boards of Cooperative Education Services (BOCES) and County Vocational Education & extension Boards are covered by this law.

Purpose of this program

The purpose of this Workplace Violence Prevention Program is to provide information to managers, supervisors, employees, and authorized employee representatives about preventing and responding to incidents of workplace violence or threats of violence in accordance with the Workplace Violence Prevention Law and Regulation.

The goal of this program is to reduce the risk of workplace violence to employees and to ensure that any incident, complaint, or report of violence is taken seriously and dealt with appropriately and as expeditiously as possible. This program outlines the major components of our effort to meet these goals. At the core of this Workplace Violence Prevention Program is the Tully Central School District's commitment to work with its employees to maintain a work environment free from violence and other threatening behavior to the greatest degree possible.

¹ Regulations can also be found in Title 12 of the New York Codes, Rules, and Regulations, Section 800.6

Tully Central School District Workplace Violence Prevention Program

Policy Statement

Tully CSD has developed and implemented a policy statement which describes the goals and objectives of our workplace violence prevention policy, the incident alert and notification policies employees should follow in the event of workplace violence and describes how employees are able to participate in the implementation of our workplace violence prevention program through an authorized employee representative. The policy statement is posted on the district webpage. The policy statement is included in Attachment 1.

Tully Central School District Workplace Violence Prevention Program

Workplace Risk Evaluation

Tully CSD has conducted a workplace risk evaluation consisting of:

A record examination: Tully CSD has examined all records of workplace violence incidents in the past year to identify patterns in the type and cause of incidents; areas of the workplace where incidents occur; incidents that involve specific workplace operations; or incidents which involve specific individuals.

An assessment of administrative risk factors: Tully CSD has assessed all relevant policies, practices, and procedures that may impact the risk of workplace violence.

An evaluation of the physical environment: Tully CSD has evaluated the physical work environment for factors which may place employees at risk of workplace violence with the participation of authorized employee representatives. Although workplace violence can occur in any work setting, some settings or factors may pose a greater degree of risk. Employment situations or factors that may pose a higher risk for Tully CSD employees include, but are not limited to, the following:

- Working in public settings
- Working late night or early morning hours
- Exchanging money with the public
- Working alone or in small numbers
- Working in a setting with uncontrolled access to the workplace
- Working in a setting where previous security problems have occurred:
- Having a mobile workplace assignment
- Working with a population which might expose one to potentially violent persons (e.g. in health care, social service, public service or criminal justice settings)
- Having duties that include the delivery of passengers, goods, or services

Risk factors identified during the examination, assessment and evaluation are listed in Attachment 2, along with the methods and means by which each risk is being addressed by Tully CSD. As your employer, Tully CSD is responsible for addressing all the risk factors that our employees are potentially exposed to.

Any incidents that may occur after the implementation of this program must be carefully documented and analyzed to make improvements to this program during the required annual review or as necessary.

Workplace Violence Control Measures and Prevention

Hierarchy of Controls

A hierarchy of controls is a safety professional term referring to a ranking of the safeguards that an employer can use to protect employees from harm in order of preference and effectiveness. There are three main types of safeguards, or control measures, that an

Tully Central School District Workplace Violence Prevention Program

employer can implement to protect employees from recognized workplace violence risk factors. Engineering controls are considered the most effective, followed by work practice controls, and then personal protective equipment.

Engineering controls eliminate or reduce the risk of workplace violence through physical changes to the workplace.

Examples of engineering controls include:

- Increasing lighting in remote areas
- Designing secure building access
- Installing security hardware
- Eliminating isolated work areas
- Installing drop safes

Work practice controls eliminate or reduce the risk of workplace violence through changes to organizational policies, procedures, and work practices.

Examples of work practice controls include:

- Increased staffing
- Employment of security personnel
- Implementing building access control procedures, for example, requiring badges to enter
- Instituting communication procedures across shifts or classes to share information regarding agitated clients or students
- Providing information to employees on the criminal history or violence of clients, inmates, or customers
- Reducing customer wait times
- Providing employees with personal alarms
- Providing cell phones to employees in the field
- Training employees on de-escalation and how to recognize precursors to violence

Personal Protective Equipment (PPE) is generally considered the least effective control measure but may be needed to enhance other control measure or minimize potential injury severity when other control measures fail.

Examples of personal protective equipment include:

- Ballistic or stab resistant body armor
- Riot gear including protective helmets and shields
- Eye and face protection

Tully Central School District Workplace Violence Prevention Program

Workplace Violence Prevention

Prevention of violence in the workplace is the responsibility of Tully CSD and everyone has a role to play in keeping the workplace safe from violence. The following section focuses on early warning signs of violent behavior and workplace issues that have the potential to trigger violent behavior. Management, employees, and authorized representatives should be familiar with the signs and issues described below to intervene early and reduce the likelihood of workplace violence.

Early warning signs of potential violence

There is no single “profile” that can identify a potentially dangerous individual. It is important to be careful when drawing assumptions about a person’s potential for violence based on any specific behavior or action. However, certain patterns of behavior and events frequently precede episodes of violence.

Behavior or situations that may indicate an increased risk of violence include, but are not limited to the following:

- Direct or veiled threats of harm
- Intimidation, belligerence, bullying or other inappropriate behavior directed at others
- Numerous conflicts with supervisors and employees and/or verbal comments expressing hostility directed at coworkers, supervisors, or others
- Bringing an unauthorized weapon to work, brandishing a weapon in the workplace, making inappropriate reference to guns or expressing fascination with weapons
- Fascination with incidents of workplace violence, statements in person or online indicating approval of the use of violence to resolve a problem, or statements indicating identification with perpetrators of workplace homicides
- Statements in person or online indicating an increased tone of desperation, feeling that normal interventions to solve a problem will not work, feeling hopeless about a situation at work, with family, with finances, and other personal problems
- Signs of abuse of drugs or alcohol on or off the job
- Extreme or uncharacteristic changes in behavior or displays of emotion
- Employees with ongoing domestic difficulties
- Employees with a temporary order of protection against someone

These behaviors or situations should be reported to an employee’s supervisor and/or the administrator of the workplace violence prevention program. Some behaviors may require immediate law enforcement intervention where others may require disciplinary action or indicate a need for an Employee Assistance Program (EAP) referral.

Tully Central School District Workplace Violence Prevention Program

Workplace issues that may trigger violence

Common situations that may trigger workplace violence can be categorized under employee issues or workplace issues.

Employee issues include:

- A negative performance review
- An unwelcome change in role due to performance or reorganization in the workplace
- An unwelcome change in work schedule
- Criticism of an employee's performance
- A conflict with coworker or supervisor
- Personal stress outside the workplace
- Increased workload or pressure

Workplace issues include:

- No clearly defined rules of conduct
- A lack of employee training
- Inadequate hiring practices or screening of potential employees
- Insufficient supervision of employees
- A lack of discipline or inconsistent discipline in the workplace
- A lack of employee support systems or support systems that are inadequate
- Employer failure to address incidents as they occur
- An overly authoritarian management style in the workplace

Note, a workplace issue that only an employee perceives can still be a trigger for workplace violence.

Recognizing the signs and intervening early

To help prevent a violent situation from occurring management, employees, and authorized representatives should be trained to recognize the early warning signs (such as a change in a person's behavior before an episode of violence) and the issues or events that may trigger violence. With this knowledge an employer can intervene early to prevent a violent incident from occurring.

Reporting an incident

At the core of this Workplace Violence Prevention Program is Tully CSD's commitment to work with its employees to maintain a work environment free from violence and violent behavior to the greatest degree possible.

Any district employee who becomes aware of a physical assault, threatening behavior, or verbal abuse at the workplace must immediately report the facts and circumstances of the violent incident to their supervisor and/or the contact person identified in the Policy Statement (Attachment 1). If an employee witnesses or is involved in an incident of violence in which

Tully Central School District Workplace Violence Prevention Program

there is an immediate threat to the employee's safety or the safety of others or where a serious injury has occurred, the employee will immediately call 911 to obtain law enforcement and/or medical assistance and notify their immediate supervisor. The supervisor will immediately conduct a preliminary inquiry into the facts and circumstances of the incident and make a prompt report to the Superintendent using the Incident Report in Attachment 4.

If a pattern of workplace violence incidents develops that involve criminal conduct or serious injury, Tully CSD will attempt to develop a protocol with the District Attorney or Police to ensure that violent crimes committed against employees in the workplace are promptly investigated and appropriately prosecuted.

Retaliation against an employee who makes a report of violence or other violent behavior is strictly prohibited and shall be subject to appropriate corrective or disciplinary measures.

Post-Incident Response

Management has developed procedures to respond to incidents of workplace violence. These include the following as appropriate:

- Assure that injured employees receive prompt and appropriate medical care. (This includes, but is not limited to, providing transportation of any injured persons to medical care. Prompt first aid and emergency medical treatment can minimize the harmful consequences of a violent incident.)
- Report the incident to the appropriate authorities as required by applicable laws and regulations.
- Secure the premises to safeguard evidence and reduce distractions during the post incident response process.
- Assure that an incident report is completed immediately after an incident occurs, noting details that might be forgotten over time. Attachment 4 contains a sample incident report form.
- Address the need for appropriate treatment for employees who were victims of workplace violence. In addition to physical injuries, victims and witnesses may suffer psychological trauma, fear of returning to work, feelings of incompetence, guilt, powerlessness, and fear of criticism by supervisors or managers.
- Management will investigate any reported workplace violence incident thoroughly.

All employees should be trained to inform management about any incidents that occur and how prepare an incident report.

Employee Information and Training

Training of every employee will be performed upon initial assignment and annually thereafter. Retraining is required any time there is a significant change to Tully CSD's workplace violence prevention program, a newly identified risk factor, or a control measure addition. Required training topics are listed in the Training Outline in Attachment 3.

Tully Central School District Workplace Violence Prevention Program

Recordkeeping Requirements

All workplace violence incidents and threats will be documented in a workplace violence incident report. Workplace violence incidents that cause a work-related death or an injury that meets the recording criteria of the Public Employee Safety and Health Bureau (PESH) log of injuries and illnesses should be recorded on both the PESH log and the workplace violence incidents report. For more on the PESH log of injuries and illness, the PESH website linked here: <https://dol.ny.gov/public-employee-safety-health>.

Workplace violence incident reports will provide a written description when an incident occurs so that management can evaluate why the incident occurred and implement an appropriate safeguard or control measure to reduce the risk of such incidents from happening again. The Workplace Violence Incidents Report also creates a historical record. The Workplace Violence Incident Report(s) will be reviewed at least once a year to determine if and how the workplace violence prevention program should be updated. (A sample incident reporting form is attached as Attachment 4 of this document.)

Program Review

The Superintendent with the Authorized Employee Representative will evaluate the effectiveness of this Workplace Violence Prevention Program, at least annually or after any serious workplace violence incident. The review will focus on determining trends in workplace violence incidents; addressing the root cause of incidents; evaluating the effectiveness of the control measures in place; and determining if any changes need to be made to control measures. The review will also assess whether the reporting and record keeping systems have been effective in collecting all relevant information. The cover sheet of this program will be updated with the names and titles of those who perform the review and the date of completion.

If an employee or authorized representative submits a written notice of concern regarding a violation of the employer's workplace violence prevention program or imminent danger in the workplace, the employer must be afforded a reasonable opportunity to address the reported issue. If the employee or authorized employee representative believes that the reported concern has not been resolved and a serious violation of the Tully CSD workplace violence prevention program still exists, the employee or authorized employee representative may request an inspection by filing a complaint with the Public Employee Safety and Health (PESH) bureau at the Department of Labor's Division of Safety and Health using the complaint form linked here: <https://dol.ny.gov/system/files/documents/2023/09/pesh7.pdf> or by calling 1-844-SAFE-NYS. The completed and signed complaint form can be emailed to ask.shnypesh@labor.ny.gov or faxed or mailed to the nearest Division of Safety and Health (DOSH) District Office listed in the complaint form.

Employees can also contact the PESH bureau to ask questions about health and safety standards by calling: 1-844-SAFE-NYS or emailing ask.shnypeshlabor.ny.gov. An employee is NOT required to provide written notice to an employer if the employee believes themselves, another employee, or patient is in imminent danger of workplace violence and

Tully Central School District Workplace Violence Prevention Program

reasonably believes, in good faith, that reporting to a supervisor would not result in corrective action. In such an instance, an employee can reach out directly to PESH.

For additional information on recordkeeping or workplace violence prevention, or to request free and confidential consultation assistance, please use the contact information on the PESH Consultation Fact Sheet available here:

The district will provide information on these protocols and contact information to employees who wish to file a criminal complaint after a workplace violence incident.

All employees and authorized employee representatives are responsible for providing written notice to a supervisor or Workplace Violence Prevention Coordinator of any violent incidents, threatening behavior, including threats they have witnessed, received, or have been told that another person has witnessed or received. Reports of workplace violence must be made in writing. All reports must be immediately forwarded to the Workplace Violence Prevention Coordinator.

Tully Central School District Workplace Violence Prevention Program

Written notice is not required where imminent danger exists to the safety of a specific employee and the employee reasonably believes in good faith that reporting to a supervisor or the Workplace Violence Prevention Coordinator would not result in corrective action.

The notice and request will be in writing, describing with reasonable particularity the grounds for the notice, and be signed by the employee or authorized employee representative. A copy of the written notice will be provided by the Commissioner of Labor to the District or the person in charge no later than the time of inspection, except that on the request of the person giving the notice, the person's name and the names of individual employees or authorized employee representative will be withheld.

A District representative and an authorized employee representative will be given the opportunity to accompany the Commissioner of Labor during an inspection for the purpose of aiding the inspection. Where there is no authorized employee representative, the Commissioner of Labor will consult with a reasonable number of employees concerning matters of safety in the workplace. The authority of the Commissioner of Labor to inspect a premises pursuant to an employee complaint will not be limited to the alleged violation contained in the complaint. The Commissioner of Labor may inspect any other area of the premises in which they have reason to believe that a serious violation of the workplace violence prevention law exists.

Initiated by the Commissioner of Labor

The Commissioner of Labor may inspect any premises occupied by the District if they have reason to believe that a violation of the workplace violence prevention law has occurred. The current Public Employee Safety and Health (PEOSH) administrative plan will be used for the enforcement of the workplace violence prevention law, including a general schedule of inspection, which provides a rational administrative basis for the inspection.

Tully Central School District Workplace Violence Prevention Program

Workplace Risk Evaluation and Developing a Workplace Violence Prevention Program (WVPP)

The District will engage in a process of workplace evaluation designed to identify the risks of workplace violence to which employees could be exposed.

The District will then develop and implement a written WVPP to prevent, minimize, and respond to any workplace violence. The Workplace Violence Advisory Committee, which includes all authorized employee representatives, will oversee and participate in the development of the WVPP. During the development process, the authorized employee representative(s) will provide input on those situations in the workplace that pose a threat of workplace violence.

The WVPP will include the following:

- a) A list of the risk factors identified in the workplace evaluation.
- b) The methods the District will use to prevent incidents of workplace violence. Examples include, but are not limited to:
 - 1. Making high-risk areas more visible to more people;
 - 2. Installing good external lighting;
 - 3. Using drop safes or other methods to minimize cash on hand;
 - 4. Posting signs stating that limited cash is on hand;
 - 5. Providing training in conflict resolution and nonviolent self-defense responses; and
 - 6. Establishing and implementing reporting systems for incidents of aggressive behavior.
- c) A hierarchy of controls to which the program will adhere as follows: engineering controls, work practice controls, and personal protective equipment (PPE).
- d) The methods and means by which the District will address each specific hazard identified in the workplace evaluation.
- e) A system designed and implemented by the District to report any workplace violence incidents that occur in the workplace. The reports must be in writing and maintained for the annual program review.
- f) A written outline or lesson plan for employee program training.
- g) A plan for program review and update on at least an annual basis. This review and update will detail any mitigating steps taken in response to any incident of workplace violence.

Prohibition of Retaliatory Behavior (Commonly Known as "Whistle-Blower" Protection)

The District will not take retaliatory action against any employee because the employee exercises any right accorded to them under this policy.

Training

At the time of hire and annually thereafter, all employees will participate in the District's workplace violence prevention training program.

Tully Central School District Workplace Violence Prevention Program

Notification

This policy will be posted where notices to employees are typically posted. The District will make its WVPP available to employees, authorizes employee representatives, and the Commissioner of Labor upon request and in the work area.

Whenever significant changes are made to the WVPP, the District will provide relevant information to affected employees.

Sample Workplace Violence Prevention Training Outline

Information and training for all employees:

- I. Overview of Requirements of the Workplace Violence Regulations
 - A. **Develop a written policy statement.** Employers must develop a written policy statement describing the goals and objectives of their workplace violence prevention program and the notification policies employees should follow in the event of a workplace violence incident. The policy statement should describe how employees can participate in the workplace violence program through an authorized employee representative. The policy statement must be posted where notices to employees are normally posted.
